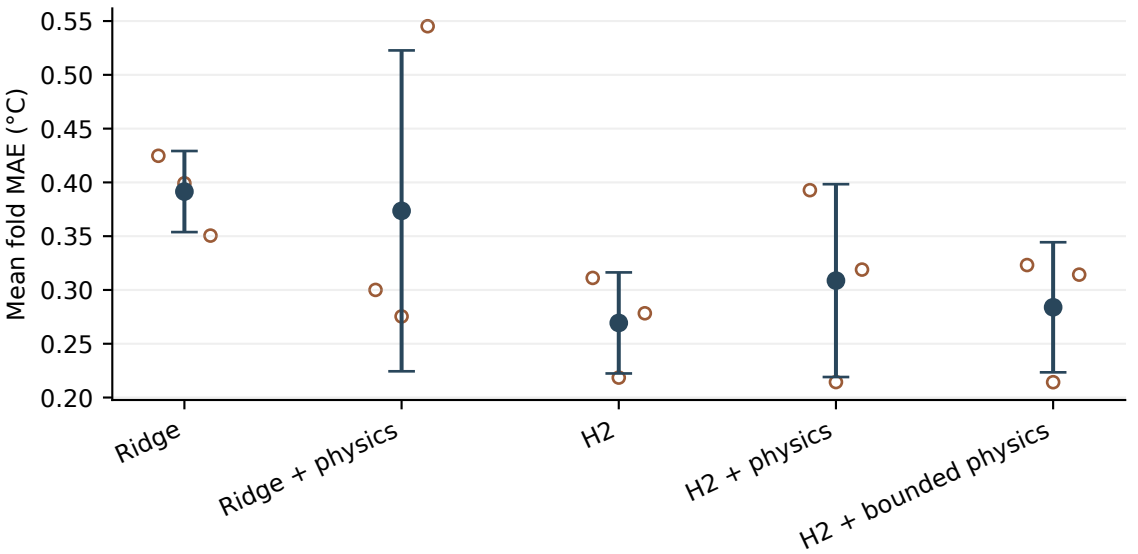
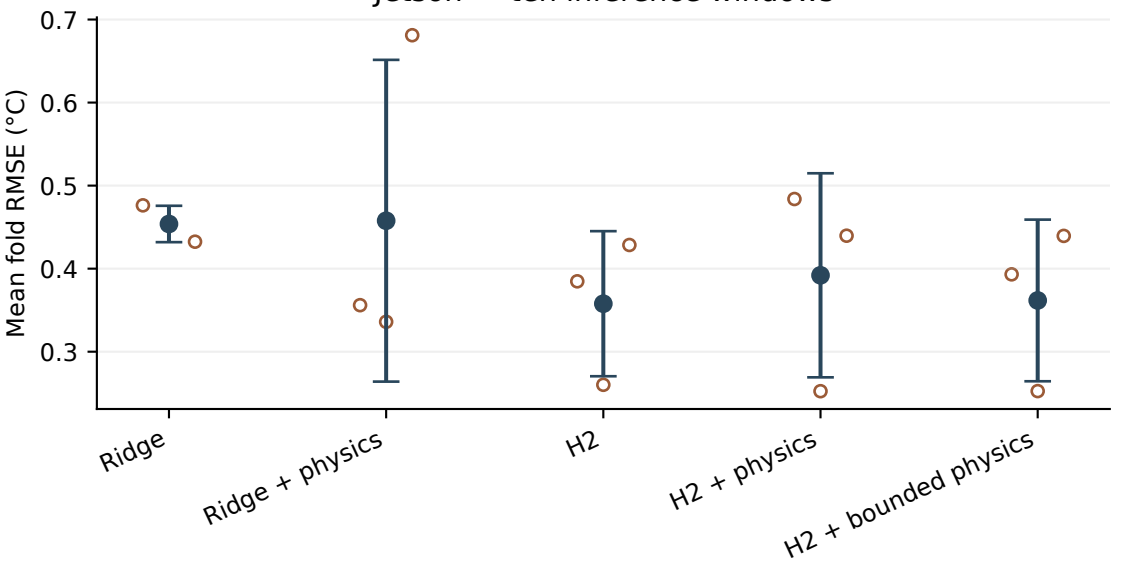
Arithmetic fold means ± sample SD, with all valid fold points

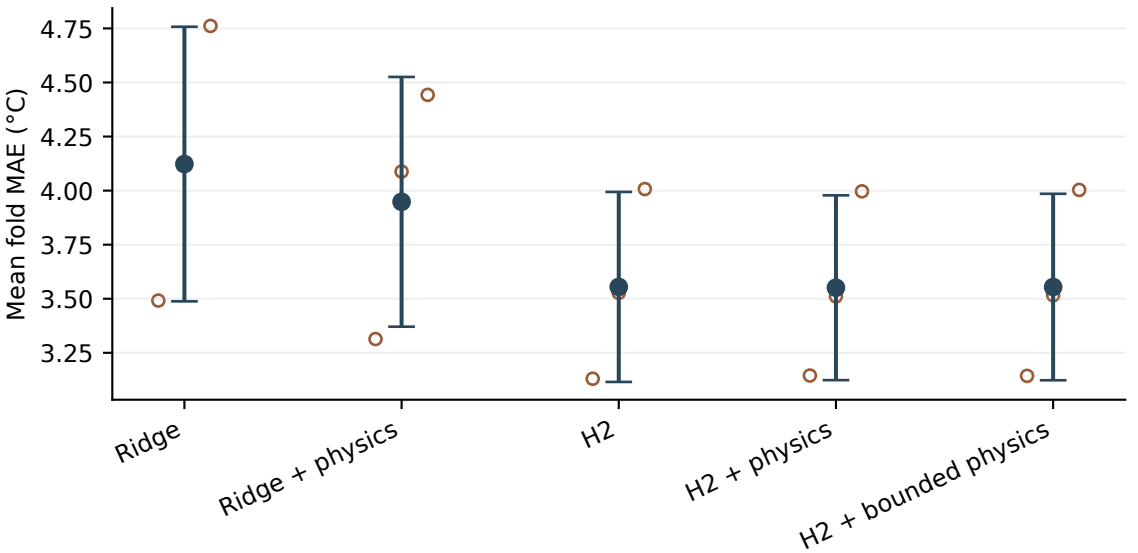
Jetson — ten inference windows



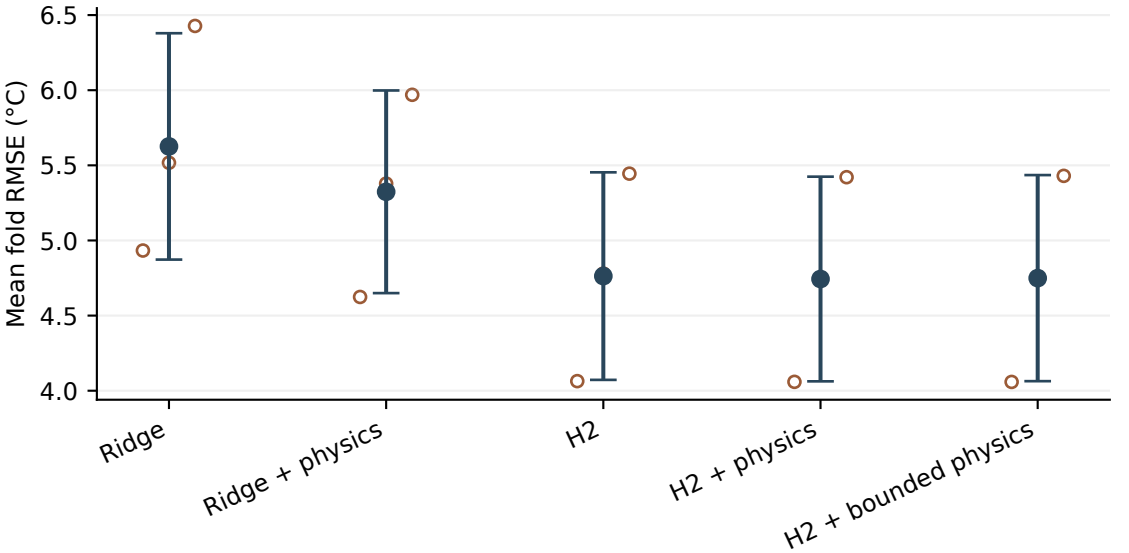
Jetson — ten inference windows



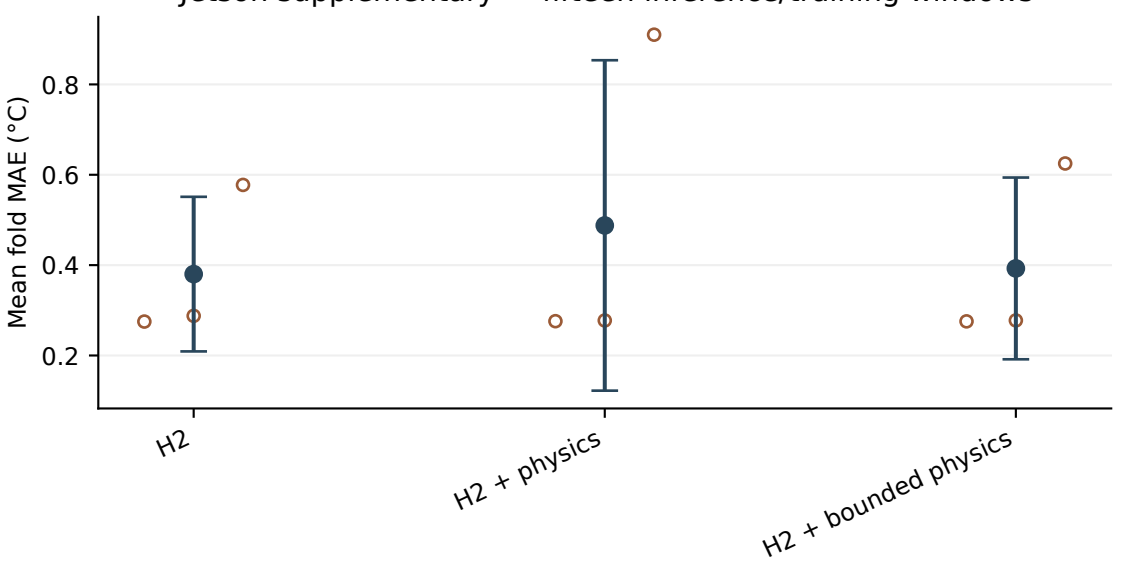
Intel i7-12700 — 36 valid recordings



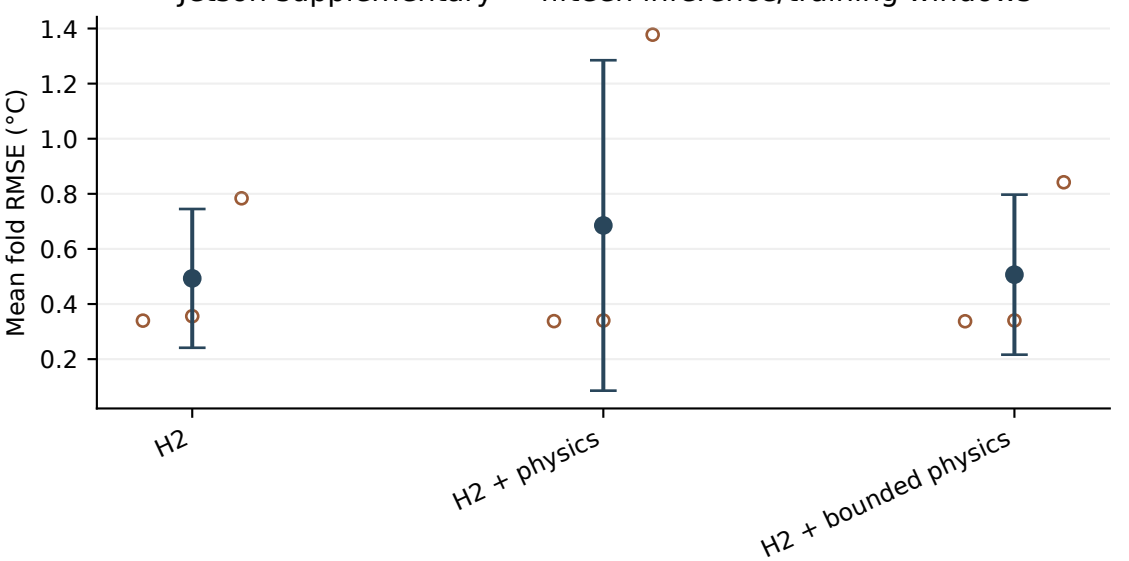
Intel i7-12700 — 36 valid recordings



Jetson supplementary — fifteen inference/training windows



Jetson supplementary — fifteen inference/training windows



Descriptive SD across three folds, not a confidence interval or seed SD. Mean fold RMSE is not pooled RMSE.
